

It's close to quitting time for **nearly 50% of our water industry operators and technicians.**

**WE'VE GOT A CRISIS ON OUR HANDS.
DON'T LET IT GO TO WASTE.**

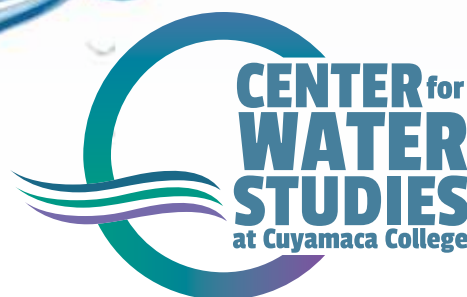

There's never been a better time to train for a career in the water industry.

As our population grows, water resources shrink. Training the next generation of water industry professionals is essential. People who train for jobs or transfer expertise to jobs in water treatment and distribution enjoy diverse career opportunities, competitive salary and benefits packages, and typically excellent career stability. The work is critical to the future of everyone in California....now that's real job security.
